Once the game is set up, click the keyboard control icon in the right-hand side toolbar to link the keyboard keys as you see fit or as follows, then click save. Tips and tricks The game uses One-Touch and Control Pad, experiment with both types of controls to see which one is best for your style of play. Start by playing and replaying normal missions to collect the materials needed to upgrade the equipment and make your heroes more powerful before playing elite missions. Experiment with mixing your heroes to see which training gives you a higher team bonus. The boost in your team's attack and defense stats could save you from defeat in battle. Focus on collecting biometrics for recruited heroes as doing so will classify them and unlock additional skills when they reach a certain rank. Each hero has a unique skill that is capable of inflicting massive damage to enemies or a Always improve your skills after each level or mission so that they are at their most powerful. Extra Gold and EXP Points Heroes with the status of esper conditionn collect extra gold and EXP points for at least 10 missions in order to change your heroes around to achieve this status. If you have a team bonus try replacing your current hero with a hero of the same type so that you keep him intact. Be sure to visit the shop every day so you don't miss your free dimension where there is the ability to draw free heroes, biometrics and ISO-8. Don't forget to claim biometrics and other rewards through the mailbox before they expire. Connect daily to participate in events that give you the chance to unlock powerful heroes. For example, Iron Man Mark 44 (Hulkbuster) can be unlocked and recruited if you log in daily for 7 consecutive days. Every day in a row you log in, you'll get 2 free biometrics and 4 each on the 5th, 6th and 7th day. You can also get bonuses such as coins and materials. Materials.
